

LashamGlide Entries Accepted and Late Entries invited, 21st March 2016

At the deadline for entries prioritised according to IGC ranking we have received 70 entries for LashamGlide: 31 in the 15 metre class, 13 in the 18 metre class and 24 in the Open Class. We are pleased to confirm acceptance of entry for all Overseas pilots who applied for entry before the deadline.

Late Entries: We now invite further entries up to our agreed class limits which will be accepted in order of date of entry (late entries from British pilots entering the 15 metre and Open Class Nationals will be handled in accordance with BGA Competition Rules late entry procedures).

British and Overseas pilots wishing to enter any LashamGlide class should apply for entry using the on-line entry form on the LashamGlide website or by contacting the Lasham office.

18 Metre Class: British pilots considering late entry for the LashamGlide 18 metre class should note that whilst this will be rated as a Regional competition, it will be run to the Nationals requirements of BGA Competition Rules including task setting, scoring and launch priority. With a very high standard of international entries, including many experienced and highly ranked overseas pilots this is expected to be a very exciting and competitive class.

Andy Davis, Competition Director.
