

Competition Ratings for 2017

As per section 6 of the BGA Competition Rulebook (2016) the results of all competitions that pilots have flown during 2016 are amalgamated to form the ratings list which will be used to prioritise entry into national competitions in 2017.

Pilots can view their rating in the [table below](#).

The ratings list is published provisionally along with the spreadsheet used to calculate the ratings to allow pilots to check how their ratings were calculated and request clarifications or corrections where appropriate. There are some notes below on how pilots can check their ratings. It is important that pilots understand they do NOT have to understand how the ratings system works to be able to check their rating.

If you want to check that your rating has been calculated correctly, details of how to do this are [provided here](#).

If you do not intend to fly a Nationals next year then you do not need to worry about your rating as it is only used to give priority to Nationals if entries are over-subscribed.

If you believe that your provisional rating is incorrect, please send appeals to Paul Crabb at paul@crabb.biz with a summary of the problem. To enable the competitions priority lists for 2017 to be drawn up we need pilots to lodge an appeal by the 1st of January, 2017.

How to Check Your Rating

The spreadsheet used to calculate 2016 ratings is available at <https://members.gliding.co.uk/library/competitions/2016-ratings-spreadsheet/>. When you have downloaded and opened the spreadsheet:

- Select work sheet "2015Ratings"
- Find your surname in column E (use the auto filter on Row 25 or the Excel 'Find' function)
- Read along your row checking that for each competition you entered in 2013 there is a rating.
- Check the value in column F is year's rating minus 250. (Last year's rating carries forward less 250).
- Select the worksheet for each competition you entered and check your position and data. (You can find the worksheets by using the hyperlinks on the first sheet "contents").
- Check the data on each competition that you entered (number of pundits, number of competitors) is correct.
- Check that the comp rating row 16 is calculated correctly. (Use the "formula auditing" tool bar as required.)

Note that there are no ratings for some people who shared gliders. This is because we don't always receive the data about who did what and therefore can't calculate each sharing rating. If you shared a glider in a competition and want a rating, then please contact Paul Crabb - paul@crabb.biz - with details of the competition and your rating will be corrected.
